

Thy Kingdom Come | Lordship: Caesar | [Matthew 22:15-22](#)

Doug Raines

If “The Kingdom of God” is anywhere Jesus rules and reigns, is there an area of your life where you need to pray “let Your kingdom come”?

A great resource as you continue to study through this topic is the Creating Space session on Faith and Politics from August 12. You can find the video at mosaicnwa.org/creatingspace.

In what tangible way can you, your family, your community be the presence of God’s Kingdom in order to bless your neighborhood, your city, your state, your country, and the world?

Creating Space is Mosaic’s intentional strategy of marrying Biblical relevance and cultural relevance. It is a “created space” to sit together regarding some complicated subjects, then equip one another to be the kind of people who “create space” in conversational ways within the cultural spheres where we live, work, and play.
