

Vision | Practical Reconciliation | [Matthew 10:42](#)

Matt Newman

What person(s) comes to mind as you consider to whom you could “give a cup of cold water”?

A great resource as you continue to study through this topic is the Creating Space session titled Race and Ethnicity: Living Into The Kingdom. You can find the video at mosaicnwa.org/creatingspace or on our series resource page at mosaicnwa.org/thykingdomcome.

Reflect on your heart’s response to both being reconciled and to be given the ministry of reconciliation.

Creating Space is Mosaic’s intentional strategy of marrying Biblical and cultural relevance. It is a “created space” to sit together regarding some complicated subjects, equipping one another to be the kind of people who “create space” in conversational ways within the cultural spheres where we live, work, and play.
