THY KINGDOM COME | The Mission of God's People

If someone asked you to describe “who you are” (your identity) and “what you do” (your calling), what would be some of the things you would say in response?

As we consider God’s mission of rescuing, redeeming, and restoring creation from the power and presence of sin, it is important that we know the identity and calling God has placed on the People of God—people like us, who He invites to join Him in His redemptive work.

### Read [Genesis 1:26-27](#).

What does it mean to be made in the image of God? What purpose do image bearers serve in God’s creation?

### Read [Exodus 19:3-8](#).

What does this passage reveal to us about God’s desire for His people? Of all the identity statements in this passage (treasured possession, kingdom of priests, holy nation) which one is most significant to you? Are there any parallels between what God is doing in the Garden of Eden and what is happening here at Mount Sinai?

### Read [1 Peter 2:9-12](#).

Notice the identity statements in this passage. Do you believe this is how God views you? Could you imagine how it would change the cities in Northwest Arkansas if we saw ourselves as royal priests invited to partner with God in His redemptive purposes?!

What are some things that would change in your life if you embraced your identity and calling as a royal priest called by God?
