Intro: This is the first cell group back, so take some time to reflect on the summer and catch up! Have fun and let your kids talk and laugh and share!

Read Matthew 13:1-8 and 13:18-23

1. How's your heart?
    a. Leader tip: relate this to the soils to help them make the connection: is your heart feeling dry and rocky? Is it feeling filled with weeds (distractions)? Etc.
    b. Also if you need, give them some time to really think and journal about the state of their heart and then come back together as a group to discuss.

2. How do you want this year to be different?

3. What can we as a cell group do to help each other make this year different?

Closing: Spend time in prayer for coming semester.
